cet ouvrage revisite l'histoire intellectuelle et politique canadienne entre la révolution américaine et les rébellions de 1837-1838 au haut et au bas Canada en la réintégrant dans le cadre des révolutions atlantiques qui ont secoué l'Europe et l'Amérique entre 1776 et 1838 reposant sur un cadre théorique inspiré des travaux des historiens intellectuels du monde atlantique il traite plus particulièrement de l'importance du concept de liberté dans le développement de l'État dans les deux colonies il démontre que ces dernières se sont développées dès 1791 en suivant un idéal de liberté qui tout en étant différent de la liberté à l'œuvre au sein des mouvements révolutionnaires de la fin du XVIII<sup>e</sup> siècle n'en était pas moins issu des Lumières il présente également les rébellions de 1837-1838 comme étant en partie le résultat d'un affrontement entre deux concepts très différents de liberté

the essays compiled in this volume written by distinguished experts present a broad panorama of the most important methodological challenges faced by conceptual history today as well as some more specific contributions regarding the temporal dimension of certain modern concepts at a moment when time and concepts and political concepts in particular are no longer obvious and taken for granted but have themselves become historical matter this book does not limit itself to an updating of the state of the art it also offers very useful lessons for the development of future research into this field

in many ways the development of twentieth century literary criticism and theory can be seen as a prolonged struggle against the pervading influence of nineteenth century positivist historicism anglo american new criticism and later french post structuralism and deconstruction are the best known instances of this conflict less widely known but no less important to contemporary literary studies are Charles P. Guy's earlier debates with french academic historicism in the years leading up to world war one first examined by Antoine Compagnon in his ground breaking work *La troisième République des lettres* in 1983 it is a period in french literary and cultural history that remains some thirty years later largely untreated in english this book thus addresses an

important albeit relatively unexplored moment in the development of twentieth century literary history and theory by way of p guy s foundational polemics with modernity and his role in the related crisis of historicism we gain a better understanding of the critical basis from which similar anti positivist and anti historicist critiques were later enacted on both sides of the atlantic in situating p guy s passions and polemics within the larger cultural and historical context glenn h roe invites us to reconsider and re evaluate p guy s place among twentieth century literary figures beyond its literary critical aspects the passion of charles p guy provides a general view of early twentieth century debates related to the role of literary studies in modern society the reform of the french educational system and the formation of literary history as an academic discipline in both france and abroad

the academy is an institution for the study and teaching of public and private international law and related subjects its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law the courses deal with the theoretical and practical aspects of the subject including legislation and case law all courses at the academy are in principle published in the collected courses of the hague academy of international law in the language in which they were delivered this volume contains l evolution du droit international cours general de droit international public par h thierry professeur a l universite de paris x nanterre development of diplomatic law selected problems by s e nahlik professor at the university jagellone cracow soviet joint enterprises with capitalist firms and other joint ventures between east and west the western point of view by r h carpenter jr covington burling washington d c

for several years the concept of virtual client or virtual customer has been part of the world of libraries and information services this publication contains the proceedings of a satellite meeting on this topic organized by the management and marketing section of ifla and held in sao paulo brazil in august 2004 it contains papers from more general points of views such as the democratization of access to digital information to more specific questions such as virtual libraries and new services not forgetting user and librarian education web site design more specialized information etc the readers of these proceedings will find along these pages a very stimulating content which will guide them towards better services for virtual clients papers are presented in the
